Mr. Lanier Graham
San Francisco Museum of Art
Van Ness & McAllister
San Francisco, Calif. 94101

Dear Lanier:

Many thanks for the second edition of the Rainbow Book. This no doubt indicates the success of the first printing. A copy has been sent to the Art Library at Yale to add to the Faber Birren Collection of Books on Color.

Unfortunately, I will spend August in Colorado Springs where I have a condominium. Otherwise I would be delighted to see you. The adverse review you had in San Francisco came to my attention. It pleased me no end to see you break through the usual austerity and pseudo-sophistication of many art critics. Thank you for humanizing the subject of color!

Sincerely,

Faber Birren
